Electronic devices

No student, regardless of age, is permitted to use a personal electronic device, including a cell phone, iPod, iPad, smart watch, laptop, etc before the school day or during the school day unless given specific permission by a staff member. Students should leave their electronic devices at home, in their car (if they drive to school), in their locker, or in their backpack. They should not carry the phone with them, even if it is powered down.

If any FCS personnel finds any electronic device being used by a student, without specific permission granted by a staff member, the device will be confiscated and held by the Administration. At such offense, a citation will be issued and the parent will be required to come to the school to retrieve the electronic device. For subsequent offenses after the first, a \$25 penalty must be paid before the item will be returned to the parent.

International students may receive an exception for translators, at the discretion of the International Student Advisor.

FCS is not responsible for any lost or stolen electronic devices.
